

# **Articulation Agreement**

## **New Mexico Military Institute | Rogers State University**

Rogers State University hereby establishes an Articulation Agreement to facilitate students' transfer from New Mexico Military Institute to Undergraduate Programs at Rogers State University.

### **I. PURPOSE**

- A. This Articulation Agreement formally recognizes that New Mexico Military Institute and Rogers State University are committed to providing greater educational opportunities and services for students who transfer. This commitment strongly supports the concept of seamless transfer that embraces the principle that transfer students should not be required to repeat competencies already demonstrated.
- B. The purpose of this collaboration is to facilitate the matriculation of New Mexico Military Institute students to an academically challenging baccalaureate degree through Rogers State University.
- C. Rogers State University enters into this Articulation Agreement in the spirit of recognizing New Mexico Military Institute as a quality institution with a history of demonstrated excellence delivering high quality educational programs. Each institution, furthermore, was and is dedicated to serving students from all backgrounds, regardless of age, race, color, national origin, gender, disability, or any other classification protected by applicable law in its programs or activities.
- D. Through ongoing communication with New Mexico Military Institute graduates, RSU will better understand the needs of students who are transferring and cooperate in responding to their needs.

### **II. TRANSFER ELEMENTS**

#### **A. Treatment of Associate Degrees**

1. This Articulation Agreement establishes the principle that all applicable Associate Degrees at New Mexico Military Institute may transfer to Rogers State University, thereby allowing New Mexico Military Institute Associate degrees to combine with RSU's baccalaureate degrees. Credits are accepted and applied toward the designated/appropriate college degree(s). Articulated Associate degrees will be identified, maintained, and available as Appendix A to this Articulation Agreement.
2. New Mexico Military Institute graduates with a minimum cumulative GPA of 2.0, having completed courses numbered 100 and above and entering under the terms of this Articulation Agreement will transfer into Rogers State University as long as their courses apply to RSU program requirements and have been awarded a grade of "C" or better. Students should be advised that some degree programs at RSU have competitive admissions or require college-specific admission requirements beyond University level admission requirements. These college-specific admission requirements are available in the Rogers State University Bulletin located on RSU's website.
3. New Mexico Military Institute graduates will follow RSU's transfer process and, therefore, must meet all applicable requirements and deadlines pertaining to application for admission, advising, registration, length of program availability, and payment of tuition and fees. They will abide by the policies and procedures, along with any revisions thereof that apply to all students at RSU.
4. In order to complete the baccalaureate program in a timely manner, students are advised to follow the Transfer Guide for the academic program they plan to pursue at Rogers State University (See Appendix A). If the student intends to change degree focus upon admission to Rogers State University, the student may be required to complete lower division preparation work prior to beginning the program at RSU.

#### **B. Treatment of New Mexico Military Institute Coursework**

Students who transfer to Rogers State University and have not completed RSU's General Education requirements for a baccalaureate degree must do so prior to graduation. However, if these students have taken equivalent General Education courses at New Mexico Military Institute, these courses will be accepted toward satisfying General Education requirements at Rogers State University (See Appendix A).

#### **C. Total Number of Transferable Credits**

The determination of how many credit hours Rogers State University may accept from New Mexico Military Institute programs is subject to accreditation and regulatory requirements. Rogers State University agrees to provide an Articulation Agreement for New Mexico Military Institute Associate Degrees. A maximum of 60 hours of transfer credit can be applied to an undergraduate program at Rogers State University. After RSU evaluates the student's transfer credits, Rogers State University will apply those transfer credits that fulfill program requirements including general education, electives, and courses in the program major and minor.

#### **D. Evaluation Process**

There will be an evaluation of the partnership supported by this Articulation Agreement every two years. The information obtained from this evaluation will be used to improve the transfer process for the benefit of students.

### **III. OTHER ITEMS RELATED TO THIS ARTICULATION AGREEMENT**

#### **A. Creating and Distributing Rogers State University Materials**

All Rogers State University-related printed and media materials created by New Mexico Military Institute shall be approved by Rogers State University prior to its use.

#### **B. Longevity of the Articulation Agreement**

This Articulation Agreement shall be effective immediately upon approval and shall continue in force and effect until terminated by Rogers State University or New Mexico Military Institute. Immediate termination will occur if either Rogers State University or New Mexico Military Institute loses their current accreditation status. Termination shall occur upon written notice by the Office of the Chief Academic Officer at Rogers State University. Either party may terminate this Articulation Agreement with a 45 day written notice. If an agreement is terminated due to the loss of accreditation, the Articulation Agreement will end retroactive to the date the accreditation status changed. In the event of termination, Rogers State University agrees to ensure students currently enrolled in a program under this Articulation Agreement will be given the opportunity to complete their degree with Rogers State University.

#### **C. Opportunities to Expand the Articulation Agreement**

RSU may choose to expand this Articulation Agreement as mutually beneficial opportunities are presented or in response to the needs that are identified.

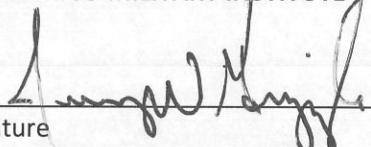

### **IV. RESPONSIBILITIES OF ROGERS STATE UNIVERSITY**

Rogers State University will provide enrollment counseling and/or academic advising to New Mexico Military Institute students upon notification of intent to transfer. Additionally, Rogers State University will provide the Code of Student Conduct, Bulletin, and other information to New Mexico Military Institute students to facilitate their understanding of University requirements and academic programs. Rogers State University may place New Mexico Military Institute students, who may be interested in attending RSU, on its mailing list and invite the students to participate in cultural events, social activities, and presentations open to the public.

## V. JOINT RESPONSIBILITIES

New Mexico Military Institute and Rogers State University agree to exchange data and documents as agreed that will contribute to the maintenance and improvement of these transfer arrangements, and promote effective cooperation between the two institutions. The Federal Family Educational Rights and Privacy Act (FERPA) governs the disclosure of information about students. The institutions may exchange admissions, grades, and retention data after obtaining appropriate permission from the students involved, if applicable, and in compliance with all federal, state, and local guidelines. In collaboration with New Mexico Military Institute, the development, distribution, and accuracy of all transfer articulation products (e.g., Transfer Guide) are the responsibility of Rogers State University.

**Free Electives: 6 credit hours**

Micro Computer Applications	CS1113	3					

**Required-Computer Science Proficiency**

The Computer Science Proficiency requirement may be completed through one of two options 1) successful completing of **CS 1113, Micro Computer Applications**, or 2) passing an institutional **Computer Science Proficiency exam** at RSU. Students are encouraged to complete the computer proficiency requirement within the first 24 semester hours attempted.

Elective Hours: 18-24

Elective Hours Completed \_\_\_\_\_

Total Credit Hours for Bachelor of Fine Arts Degree = 129

Total Credit Hours Completed \_\_\_\_\_

	Completed	Not Completed
Students must complete 30 credit hours in residence at RSU		
Students must complete 60 credit hours at a senior institution.		
Students must complete 40 upper-division hours. (3000-4000)		
No grade lower than a "C" will be accepted in the major or minor.		
All students must take CS 1113 for computer proficiency or test out		
Out-of-state grades of "C" or better are accepted at RSU.		
Out-of state AA degrees are evaluated on a course-by-course basis.
