NMMI COVID Situation Update: Daily Update and FAQ's

ACADEMICS:

Standardized Testing:

We will be offering the School Day SAT in the Spring. We will offer the following dates to best accommodate since our fall ACT and makeup SAT were cancelled.

March 3rd: Planned for 0745

Limited to Preps and Seniors who need to test. This administration was added because of our fall cancellations due to COVID quarantine period.

April 13th: Planned for 0745

the March test but could not make it.

Limited to juniors and those who registered for

The cost of the test to be billed to the students is \$52.00 for the test. If a student fails to show up for a test they signed up to take we are billed \$26.00 and that will be added to their account.

Library:

While the library is closed, research help remains available. You can e-mail librarian@nmmi.edu or you can go to the Paul Horgan Library website and click 'chat with a librarian' and submit a research question there. We are on campus, so if you request a book we can make a no contact exchange to check out library materials. If you have library materials out they are not due until Monday, November 2nd even if they show an earlier due date.

Library collection renewals: email librarian@nmmi.edu

Checking out books, DVDs, etc., : call 575-624-8385 or email librarian@nmmi.edu and we will deliver to Command Post/Commandant's Office (they will coordinate with cadet)

Printouts: email librarian@nmmi.edu document and we will print and deliver it to Command Post

Inter-Library Loan: call 575-624-8385 or email librarian@nmmi.edu. We will deliver to Command Post

ATHLETICS:

Organized athletics will continue through next Thursday, the last day of the quarantine period. A revised schedule is contained in the matrix provided by the Commandant's office.

COMMANDANT:

The biggest issue facing the Commandant's staff will be room arrangements when the current Cadets that are off campus during the quarantine period, return. Those Cadets will have to go into quarantine upon return, until we have the results of the COVID-19 test. All Cadets that remained on Post, will be out of the quarantine period at that time, however the two groups cannot co-mingle until the returning groups test results are known.

ADMINISTRATION:

Monday we will release the return to school instructions and protocols for the Cadets currently off Post. We have some definitive answers from the State agencies that will allow us to develop a systematic plan for the return of the off Post Cadets. A reminder that we will not publish an update over the weekend.

Respectfully,

Jerry Grizzle
