

## **New Mexico Military Institute Employment Opportunity**

### **Mathematics Instructor**

New Mexico Military Institute is accepting applications for a tenure track High School mathematics instructor beginning August 2020. NMMI provides exceptional teaching conditions including small class sizes. A minimum of a Master's Degree and a secondary teaching certificate in mathematics are preferred, however, a Master's Degree must be obtained within 5 years of employment. A successful applicant must possess a commitment to teaching and working with students, and will participate in the Assessment process. Demonstrated knowledge of current educational technology is a plus. NMMI is a state supported college preparatory high school and transfer junior college operating within a military environment. Military experience is not a prerequisite. Excellent benefits are available. Competitive salary schedule dependent on education and experience. Position open until filled. Send application letter, résumé, transcripts, three letters of reference and a completed NMMI Employment Application Form (available at <https://www.nmmi.edu/human-resources/employment-opportunities/>) to New Mexico Military Institute, Human Resources, 101 W. College Blvd., Roswell, NM 88201. NMMI is an EOE.
